Space & Naval Warfare Systems Center Awards Contract

CHARLESTON — AlliedSignal Technical Services Corporation of Columbia, Md., is being awarded an indefinite delivery, indefinite quantity, cost plus fixed fee, delivery order type contract in the estimated amount of \$5,893,298. The contract will provide systems engineering and integration support services including design, development, integration, installation, test and evaluation, certification, maintenance, modification and logistics support on a variety of electronic communications equipment, systems, and subsystems to be installed on new ships: LPD17 Class, CVN76 Class, TADC(X) Class and JCC(X) Class. Work will be performed in Charleston, South Carolina. Period of performance for the base period shall commence April 29, 1999 through April 28, 2000. The contract contains four one-year options, which if exercised, will bring the total cumulative value of the contract to \$29,989,583 (total dollar amount including options). Multiple sources of funding that will not expire at the end of the fiscal year will be used; however, the contract will initially be obligated with minimum guarantee Defense Business Operating Funds in the amount of \$100,000.00, which expire at the end of FY 99. This contract was competitively procured with 107 proposals solicited and three offers received. The Space and Naval Warfare Systems Center Charleston is the contracting activity (N65236-99-D-3813).
